

Miles

AN EXTENDED DONOR PROFILE BY  | New York

Welcome to Miles's extended profile. Miles is a pseudonym, but the attributes in this profile are quite real. We strive to make all of our extended profiles as descriptive as possible, but we'll be happy to help you find the answers to any questions you might still have about Miles. Just give us a call at 1-866-366-6777.

Physical Attributes

Miles is Caucasian/Scandinavian.

His blood type is A-positive.

Six feet tall, medium build, 180 pounds.

Straight, thick brown hair, brown eyebrows, blue eyes.

His beard is light brown.

As a young child (birth to four years) Miles had blond, straight hair.

Miles was born in 1967.

He does not wear prescription lenses.

He's right-handed.

Miles wears a size 9.5 shoe, and a size Large in most clothing.

He has no allergies, no medical conditions, no physical abnormalities and his resting heart rate is 52 beats per minute.

Miles says he uses sun block but doesn't burn too easily.

Academics

To date, Miles has spent 19 years in school, starting with kindergarten.

Miles placed in the top 5% of his high school class, graduating in 1985.

Then he spent a year as an exchange student in the United States.

He graduated from a Danish university in 1996, in the top tenth of his class.

With a Master's in social science, he feels his strength lies in social studies, with an emphasis on humanitarian issues.

He intends to continue with courses for work reasons as well as personal curiosity. If career and family obligations permit, he would like to pursue a Ph.D.

Miles works as an analyst, surveying international political and economic issues.

As for his career, Miles has this to say, "My career goal is to do deep analyses of many countries, and to make a difference in the world. I would like to participate to make the world a better place. I hope it doesn't sound too corny."

Miles served as a draftee in the Danish military, where he was trained in first aid and fire fighting.

Miles Q&A

 | New York

Here's what Miles had to say about his life, loves and experiences, taken from our extensive interviews and questionnaires.

What is your relationship status? I am married, and we have been together for seven years.

Which words describe your personality? Open, easygoing, bright, witty, creative, optimistic, assertive, helpful.

Which sports do you like to participate in? Soccer, basketball, weight lifting, skiing, chess, jogging.

Which sports did you play as a child? I played soccer and basketball in most of my childhood and youth.

Which sports do you enjoy watching? Soccer (especially the National team and the World Championship), and American basketball.

Describe any additional hobbies you have. I like to play board games, spending time with friends and family and I enjoy reading literature.

Do you play any musical instruments? I play the guitar and the piano. I play both classical and modern music.

Are you a member of a church? Member of

the Danish church.

Which is your favorite color?

Blue and red.

Favorite animal? Dog. It is intelligent and faithful.

Favorite food? Italian and Asian dishes.

Favorite type of music? I enjoy jazz, rock and classical music as well as many other kinds of music. I am often inspired to play myself.

Favorite car? Volvo or Mercedes. I have children, so I want a safe car.

How much sleep do you get on an average night? Seven hours.

Do you eat healthy? In my family we give healthy food a high priority because of the children. When I occasionally eat alone, I enjoy a pizza or a hamburger.

Are you a smoker? No, I have never smoked.

Do you drink alcohol? I enjoy alcohol occasionally at parties.

Do you ride a bicycle? Yes, I use it as transportation, which most people do in Denmark.

What is your most memorable childhood experience?

Times spent on vacations with my brothers, parents and grandparents.

To which countries have you traveled? Most of Europe, the USA, Canada, Mexico, the Middle East, Vietnam, Malaysia and China.

Describe one of your favorite vacations to another country. I spent one year in the USA as an exchange student and I fully enjoyed the stay. I liked the attitude of the people and the fabulous landscapes. I also enjoyed being one of the best soccer players at my high school.

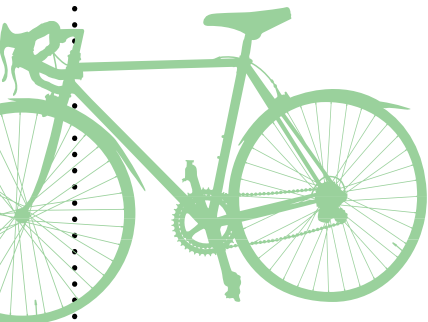

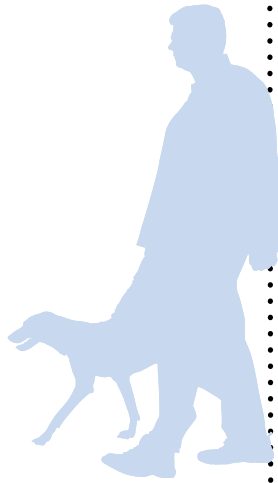

Describe a few things you like the most about your own country. I love my country, but I am not a nationalist. I have seen and learned so much of the world and believe that the meeting of cultures enriches everybody. If I shall pick out a single thing I can miss when being away, it is oddly enough the wind and the rain.

Describe some of your strong sides. I learn fast and I think quick. I am very strong physically and mentally, and I never give up when I am determined to reach a goal. I am also a very caring father and a faithful friend.

Describe some of your weak sides. I can be impatient, and want to get the work done quickly. I work with myself to allow everybody to participate in the process, even if it slows things down.

Do you have any children? Yes. I have a 4-year old daughter and a 2-year old son. My daughter is very bright, has blue eyes and brown hair. She loves to play outdoors, but she is mostly a quiet girl who loves to read and to play games. She is very caring for her little brother, and loves to visit her grandparents. My son seems to have a lot of energy, and he is constantly on the move. He wants to feel, taste and move everything, and I consider him highly intelligent. He is however also a little wild compared to our daughter, but

I guess that he is just being a boy. He is very social, and loves to visit people or to be with other children. He is tall of his age, has dark blond hair and blue eyes. Both children have a good health. I love my two children more than anything in the world, and it is the love of children and parenthood that made my wife and I decide to help others to become parents.

Miles Family

Here's a look at Miles family heritage.

Paternal Grandfather

Age: 85
Alive? Yes
Ethnicity: Danish
Occupation: Retired engineer
Height: 5'10"
Weight: 160 lbs.

Ethnicity: Danish
Occupation: Biochemist
Height: 6'1"
Weight: 195 lbs
Build: Athletic
Hair color: Dark blond
Eye color: Blue-grey
Heart conditions: No
Genetic disorders? No

Miles in writing.

Here's a message from Miles, in his own hand.

My motivation for becoming a donor is to help people to become parents. I am also a blood donor and I do volunteer work in a relief organisation. I have been very fortunate in my life, with people helping me when I least expected it. It is not always possible to return a favour to the same person, but to pass on kindness to other people is my way of returning favours and kindness. I therefore hope that my donations of blood, semen and volunteer work will bring life and happiness to others.

As a parent myself I know the hopes and doubts in the early phases of parenthood, and the joy and happiness later on. I wish you the best of luck in your life's, and I hope your efforts to become parents will be successful. Your love and care will mean everything for your child

God bless you
